

Dear Industry Peers,

IIDA New England is excited to announce our 11th annual Art Uncorked event being held July 25, 2019 at Drydock Hall, 1 Design Center Place, Suite 110 West, Boston, MA. The committee has been hard at work to make this year another success. We are currently in the planning process and, as you all know, we would not have the achievements we do without your generous sponsorship and support.

A portion of the proceeds from the event will be donated to Art In Giving, which raises funds for childhood cancer research through the sale of fine arts. Art in Giving follows a unique path that combines the creativity and generosity of its artists with the needs of talented cancer researchers. Up to 60% of their proceeds from the sale of art through the efforts of Art in Giving are donated to The Rachel Molly Markoff Foundation. Learn more at: <https://artingiving.com>

Art Uncorked is a remarkable networking opportunity featuring the talent and creativity of many from within our own architecture and interior design community. Art offered for the silent auction will include paintings, photography, jewelry, stationery and more.

If you would like to support this event, please review the sponsorship opportunities attached and respond to one of the committee members listed below.

Claudia DiCesare, CDicesare@momtex.com
Elisa Franklin, elisa.franklin@daltile.com
